All upholstery is easily removable and machine washable at 40°C

Manufactured by:

British design and quality

The Simba's eye catching looks combine simplicity and effectiveness all in one design.

The Simba has been designed to meet an individual's postural needs with a practical design for daily family living. A versatile buggy that is available in two sizes with a full range of accessories to complement the many standard features.

Tilt in Space The Simba has a continuous tilt in space range from 10° to 48° to suit an individual's requirements.

Foldable

The Simba is folded quickly and easily in one simple operation to a compact size for either transportation or storage.

Backrest Extension (optional extra)
Backrest height can be increased by adding a back support extension.

Lateral Thoracic Support (optional extra)
For additional trunk support and security, easily adjustable in height and width.

Seat and Pelvic Supports
Stable support base which is width and depth adjustable.

Foot Supports
Height adjustable and flip up to allow for easy transfers.
